MIKROTIK

XS+DA0001 / XS+DA0003

Sometimes copper is all you need.

Versatile 1G, 10G and 25G direct attach cables for simple, cost-effective connectivity.

Why complicate a connection that's only a few meters long? Our SFP28 direct attach copper (DAC) cables offer an affordable, low-power and low-latency solution for connecting routers, switches and servers without the need for separate optical transceivers.

Less hardware, low power consumption and plenty of bandwidth. Choose between the 1-meter (XS+DA0001) and 3-meter (XS+DA0003) versions to keep connections within and between racks simple, efficient and affordable.

Key features

- Up to 25 Gbps
- 1G / 10G / 25G support
- 1 m and 3 m versions
- Low power consumption
- Low latency
- No separate transceivers required

Specifications

Product code	XS+DA0001 / XS+DA0003
Form factor	SFP28
Connector type	SFP28 to SFP28
Media	Copper
Supported data rates	1G / 10G / 25G
Max data rate	25 Gbps
Cable length	1m (XS+DA0001) / 3m (XS+DA0003)
Wire AWG	30
Minimum bend radius	21.25 mm
Operating temperature	0°C to +70°C

Wired interface compatibility

XS+DA0001 / XS+DA0003
